

AIRQUALITEE

CABIN AIR FILTERS

Do your customers a favor and replace their dirty Cabin Air Filter with an AIR QUALITEE Brand Cabin Air Filter.

Fresh Air Starts Here

ZERO DEFECTS OR COMEBACKS

Zero means zero. We pride ourselves on producing quality products that you can depend on every time.

CHECK CABIN AIR FILTERS ON ALL VEHICLES

Cabin filters reduce harmful particulates like pollen, dust and debris from the air while driving. Recommended replacement is every 12,000 – 15,000 miles for most vehicles.

HIGH PROFIT OPPORTUNITY

Both you and your customers will breathe easier with this service addition at a lower acquisition for higher profitability.

INSTALLATION VIDEOS

We offer vehicle specific installation videos on-line that show filter location and estimated time to replace.

“PICTURE PERFECT” BULLETINS

Detailed trilingual installation bulletins in every box; English, Spanish and French that show filter location and estimated time to replace.
